UNIVERSITÉ  
DE GENÈVE

# DEVELOPING INTERDISCIPLINARY RESEARCH PROJECTS ON HUMANITARIAN ACTION

A UNIVERSITY OF GENEVA SUMMER SCHOOL

- This course allows researchers and practitioners involved in the humanitarian field to develop and critically analyze their own research project.
- A unique experience to exchange with colleagues, international faculty and expert practitioners and to draw on various disciplinary and interdisciplinary approaches.
- Develop an overview on postgraduate research programs on humanitarian issues and methodology of interdisciplinary research.
- Build a research network and discover an international platform of top-ranked researchers in the capital of humanitarianism.
- Visit some of the key humanitarian organisations in Geneva (e.g. ICRC, MSF) and participate in humanitarian conferences.
- 6 ECTS credits.

**The course is aimed at PhD students and practitioners who are developing a research project on humanitarian action. The course is taught in English.**
